

RHED - C

REMOTE HEALTHCARE FOR EATING DISORDERS THROUGHOUT COVID-19

Interactive half-day workshop for service users (Slots available: June - October 2022)

RHED-C (Remote Healthcare for Eating Disorders throughout COVID-19) is a 3-year research project at Northumbria University, looking at what we can learn from the remote healthcare experience for eating disorders during the pandemic. This research is a unique opportunity for people with lived experience of eating disorders, healthcare professionals and researchers to collaborate with digital platform designers to develop ideas to improve the remote healthcare services of tomorrow.

We invite service users with lived experience of eating disorders throughout COVID-19 to join us for an interactive workshop to share experiences of providing remote support, the positives and the not-so-positives, and to consider ideas for the future. Whether or not you have been able to access remote support during the pandemic - we would like to get your feedback and your views!

Choose ONE of the following workshop dates:

In person (City Campus, Northumbria University):

Thursday 23rd June (am)
Monday 4th July (pm)
Tuesday 9th August (am)
Monday 19th September (pm)
Thursday 6th October (pm)
Wednesday 19th October (am)

Online (via Microsoft Teams):

Wednesday 29th June (pm)
Monday 18th July (am)
Thursday 11th August (pm)
Tuesday 20th September (am)
Monday 10th October (am)
Wednesday 26th October (pm)

Participants will be asked to complete a short confidential eligibility survey before taking part.*

*Participants must be over 18 years of age, living in the UK, and *not* discharged from hospital or residential care for eating disorder(s) treatment within the last 6 months

Workshop attendees will be reimbursed £50 for their time.
